leader360

the practical, scalable and
cost-efficient way to
develop leaders from
within your own
organization

Optimize your team's effectiveness and business performance by eliminating leadership gaps in mid- and upper-level management. Our Leader360 program delivers a unique and practical blend of 360 feedback and individualized coaching to identify core competencies needed, enhance leadership skills and drive tangible business results.

- Define core leadership competencies to drive diversity and eliminate unconscious bias
- Integrate practical, individualized leadership development into existing performance management, diversity and succession initiatives
- Extend the value of one-on-one coaching for your current and emerging leaders in this scalable, cost-efficient and sustainable program
